A REFLECTION BY POPE FRANCIS ON THE 6th WORLD DAY OF THE POOR (November 13, 2022)

"... The World Day of the Poor comes this year as a healthy challenge, helping us to reflect on our style of life and on the many forms of poverty all around us... Several months ago, the world was emerging from the tempest of the pandemic, showing signs of an economic recovery that could benefit millions of people reduced to poverty by the loss of their jobs... The war in Ukraine has now been added to the regional wars that for years have taken a heavy toll of death and destruction... In this situation of great conflict, we are celebrating the Sixth World Day of the Poor. We are asked to reflect on the summons of the Apostle to keep our gaze fixed on Jesus, who "though he was rich, yet for [our] sakes became poor, so that by his poverty [we] might become rich" (cf. 2 Cor 8:9)... Solidarity is sharing the little we have with those who have nothing, so that no one will go without. The sense of community and of communion as a style of life increases and a sense of solidarity matures. We should also consider that in some countries, over the past decades, families have experienced a significant increase in affluence and security... Yet Jesus's words are clear: if we want life to triumph over death, and dignity to be redeemed from injustice, we need to follow Christ's path of poverty, sharing our lives out of love, breaking the bread of our daily existence with our brothers and sisters, beginning with the least of them, those who lack the very essentials of life. This is the way to create equality, to free the poor from their misery and the rich from their vanity, and both from despair... May this 2022 World Day of the Poor be for us a moment of grace. May it enable us to make a personal and communal examination of conscience and to ask ourselves whether the poverty of Jesus Christ is our faithful companion in life."

In Loving Memory:

+ Ventura Ranieri (89) passed away on
